

Informal English translation of the Phileleftheros dated November 26, 2011

Hello Mark,

I saw the story when I went through Phileleftheros' weekend editions. It was published on Saturday November 26. The story starts on the first page under the title "Israel examines war scenarios"

The main story, in three parts, appears on page five. In the first part it mentions that Israel pays special attention to Turkish threats, especially after Erdogan's openings to Muslim countries in North Africa. It notes that recently many analysts and experts refer to the dangers to be watched for not just in the region but also for Europe due to Turkish policies of expansion. Then it refers to statements you have made to the Israeli News Agency on the Israeli's Deputy Foreign Minister's visit to Greece.

The second part refers to Israel's efforts to upgrade its naval forces, in an effort to protect the drilling platforms in the Eastern Mediterranean.

The third part refers to "An extremely interesting analysis by Mark Langfan with graphics noting that the analysis is based on the hypothetical but not impossible scenario of an Iranian control of all Arab states, even the occupation of Israel. Based on this scenario, but also due to Turkish expansionist policies the American topographer and analysts explains the reasons for which NATO must support Israel, which he presents as the power that could protect both Cyprus and Greece from the neo-ottoman expansionist police of Turkey."

"In his analysis he notes that Turkey attempts to steal the natural gas from the Greek Cypriots and Israel, the value of which is many billions of dollars. These billions will be used to fund the military development of Mediterranean Islamic countries."

I hope this is helpful for you.
